

Three easy steps to placing your Bulb order.

Place your stocking order for replacement Bulbs 250-Watt P25 shape E26 (medium screw) base 32-volt which are suitable for PYLE, Sunbeam and similar Headlight housings. This is part number 250P25-32V.

(1) Send purchase order, letter order, or this order form to:

557 Pyle Enterprise
Attn: Patrick Durand
4923 N. Kipling Drive
Wasilla, Alaska 99654

Customer Bill to:

Customer Ship to **Street address** for truck delivery:

Contact person: _____

Contact phone/email: _____ / _____

Specify Pickup or Preferred Carrier: _____

(2) Select quantity and price. All orders will be FOB Chattanooga, TN.

Suggested list Price, \$27.20 ea.

Initial volume stocking orders are limited to case lots of 60 units per case.

___	8 cases 480 units 250P25/32V	\$12.00 ea.	total	\$5,760
___	4 cases 240 units 250P25/32V	\$16.00 ea.	total	\$3,840
___	2 cases 120 units 250P25/32V	\$18.00 ea.	total	\$2,160
___	1 case 60 units 250P25/32V	\$20.00 ea.	total	\$1,200

Please be aware that the above ordered items are considered **special order items** and are therefore **noncancelable and nonreturnable**.

(3) Include Check in prepayment with purchase order made out to: 557 PYLE Enterprise

Please use USPS flat rate Priority Mail envelopes. These provide tracking, so please NO Certified envelopes, as they require a long trip and hours in the post office.

Orders will be accepted for this special pricing until February 15, 2025. At that time the

combined order will be placed with the importer. Factory estimates delivery at 16-20 weeks after receipt of order. I would add 3 weeks to that for transport to our warehouse distributor in Chattanooga.

We have contracted with Diamond Rail Group to distribute these initial stocking orders from their new warehouse facility in Chattanooga. You will be advised when your order is ready for shipment. At that time, you can arrange pick-up or confirm your preferred shipper.
