Deputy Commander,
Alaskan Department,
APO 942, c/o Postmaster,
Seattle, Washington.

Dear Sir:

I have for acknowledgment your letter of
March 10th regarding the assignment of snow removal equip-
ment in the Whittier Terminal Yard.

The Alaska Railroad has three rotary snow plows
but one of these was damaged last Spring, and owing to
shortage of mechanical maintenance men we were unable to
repair it for the past winter's service.

Every endeavor will be made to recondition the
damaged rotary this summer and it is the intention to
permanently assign one rotary and one spreader to Whittier
which will enable us to keep this terminal in good operat-
ing condition in the future.

Yours very truly,

"Signed" O. F. Ohlson

O. F. Ohlson,
General Manager.
